NO POSSESSION LIMIT OR SIZE LIMIT ON SPECIES NOT LISTED

(1) Gulf Reef Fish - Fishermen taking red snapper or grouper for commercial purposes from Alabama waters must fish from a vessel holding a federal reef-fish commercial vessel permit and an Individual Fishing Quota for for Red Snapper and/or Grouper.

(a) The operator of those vessels permitted to land red snapper and/or grouper are **required to present, to any seafood dealer purchasing the red snapper and/or grouper, their federal vessel permit and license.**

(2) Mullet - No bag limit, except: from October 24 - December 31, the possession limit on mullet caught by snagging is 25 fish per boat per day or 25 fish per person per day from the shore. During this period, snagging mullet is prohibited in Theodore Industrial Canal, Dog River, Fowl River, or their tributaries. There is a possession limit of 25 fish per boat per day when snagging mullet in waters closed to the use of gill nets.

(3) Sharks - Alabama waters close to the harvest of all sharks when the federal shark fishery management quotas for Small Coastal Sharks and Large Coastal Sharks are reached. Shark fishing in Alabama waters is allowed from 12:01 AM each Monday through 11:59 PM each Friday (no weekends), but will close from 12:01 AM through 11:59 PM on each of the following holidays: Memorial Day, Independence Day, Labor Day.

(4) When adjoining federal waters are closed then state waters are closed to the taking of gulf reef fish, king mackerel, and sharks.

Large Coastal Sharks:	Prohibited Species:
<ol style="list-style-type: none"> 1. Ridgeback Sharks - Sandbar, Silky, Tiger 2. Non-ridgeback sharks - Blacktip, Bull, Great Hammerhead, Lemon, Scalloped Hammerhead, Smooth Hammerhead, Spinner 	<p>Goliath grouper (jewfish), Nassau grouper Sharks & Rays: Atlantic angel shark, basking shark, bigeye thresher, dusky shark, longfin mako, smalltail shark, sand tiger, whale shark, white shark, targetooth and smalltooth sawfish, Atlantic manta, spotted eagle ray, bigeye sixgill shark, bigeye thresher shark, bignose shark, Caribbean reef shark, night shark, sevengill shark, sixgill shark.</p>
<p>Small Coastal Sharks Atlantic sharpnose, Blacknose, Bonnethead, Finetooth</p>	

*Commercial hook and line fishermen in possession of **over the limit of a species regulated by a recreational possession limit shall not possess game fish** (speckled trout, red fish, and tarpon).

Saltwater finfish commercially harvested in the State of Alabama must be landed in this state and reported through a properly licensed Alabama seafood dealer.

Persons who are transporting commercially harvested saltwater finfish out of the state of Alabama must have in their possession **proof that said finfish were first landed and reported to a licensed Alabama seafood dealer** (a bill of sale, receipt, or trip ticket showing the pounds of fish, the species, the price paid for the product, fishermen's name and license or permit number, the name of the seafood dealer, date of harvest, and date of purchase).

Any vessel or individual required to possess a federal permit by the Gulf of Mexico Reef Fish Management Plan or a permit by the Coastal Migratory Pelagics Management Plan (to be exempt from bag limit requirements) must possess such permit to possess or land such fish in Alabama.

Alabama seafood dealers may purchase seafood from **federally permitted fishermen** fishing in the Exclusive Economic Zone (EEZ) **only if such fishermen possess a state commercial fishing license.**
