RECREATIONAL SHRIMPING REGULATIONS

Recreational Shrimping:

Definition: The taking or attempting to take shrimp for bait or non-commercial purposes by use of a trawl **16' or less as measured along the main top line.**

License:

A \$16.00 boat license is required. (Non-residents pay the same fee as that charged Alabama residents to conduct the same activity in the applicant's state of residence except Mississippi pays the same as Alabama residents).

Season:

Set by regulation. Prohibited in permanently closed areas. Allowed only in areas open to commercial shrimping and areas designated by law as exclusive saltwater bait areas.

Legal Size:

No restrictions.

Gallons Allowed:

In areas open to commercial shrimping, 5 gallons of shrimp with heads on per person per day. In exclusive saltwater bait areas, 1 gallon of shrimp with heads on **per boat** per day. Licensed recreational shrimp boats taking **crabs** in waters open to commercial shrimping are limited to **no more than one 5-gallon container of legal size crabs in possession per boat.**

Trawl Size:

Not to exceed 16 feet as measured along the main top line.

Mesh Size:

No restrictions.

Other:

It is unlawful for any person to drag any net, seine, or trawl over public or private oyster reefs. Commercially licensed boats cannot shrimp in exclusive bait areas. It is unlawful to retain a redfish or speckled trout caught with a trawl. It is unlawful to discard dead fish or other dead seafoods within 500 feet of any shoreline or into the waters of the Gulf of Mexico within 3 miles of the Gulf beaches (including Pelican Bay). The use of any trawl (s) is prohibited in waters closed to shrimping. **Little Lagoon** is closed to all shrimp trawls which exceed sixteen feet as measured across the cork line or top main line (Rule 220-3-.64).

The use of any trawl or trawls, or the taking of shrimp by any means, in any area closed to commercial shrimping is hereby expressly prohibited.
