

Alabama

Department of Conservation
and Natural Resources

2009-2010

Licenses and Fees

Residency requirements, pricing and availability are subject to change.
Visit <http://www.outdooralabama.com> for current information.

General Information

Complete information on rules, regulations and seasons can be found on the Conservation website <http://www.outdooralabama.com>. You can also find information in the Conservation Hunting & Fishing Digest, available at Conservation District Offices, county probate and license commissioner offices, and license agents throughout Alabama.

Questions regarding hunting or freshwater fishing laws, regulations, license requirements or programs should be directed to Wildlife and Freshwater Fisheries District Offices.

For information on saltwater fishing license requirements, seasons, size and possession limits contact Marine Resources offices in Gulf Shores or Dauphin Island.

Residents 64 years of age purchase special licenses. See page 5.

Residents 65 years of age and over are exempt from buying hunting, freshwater and saltwater fishing licenses, WMA licenses, and state duck stamps providing that said resident has on his/her person while hunting or fishing an Alabama driver license or proof of permanent Alabama residence and age.

Change to valid period dates for recreational licenses beginning with license year 2008

§9-11-32, Code of Alabama 1975 -- Unless specifically provided otherwise by law, all annual wildlife heritage, hunting, and fishing licenses issued pursuant to this chapter shall be dated when issued and shall authorize the person named on the license to participate in the licensed activities from September 1 or the date of issuance to the next August 31, and then only within the regulations and restrictions provided by law.

Harvest Information Program (HIP)

All licensed hunters who hunt doves, woodcock, rails, snipe, coots, ducks, or geese in Alabama are required by Federal Law to obtain a HIP permit prior to hunting. HIP permits are free and are available at <http://www.outdooralabama.com/licenses/> and all hunting license vendors.

Antlered Buck and Turkey Harvest Record

A mandatory hunter harvest record is in effect for the 2008-2009 season. It is illegal for a hunter to field dress or move an antlered buck or turkey before dating a hunter harvest record. Forms are located at <http://www.outdooralabama.com/hunting/harvest/>.

If someone other than the hunter is transporting a harvested antlered buck or turkey, the individual transporting the antlered buck or turkey MUST have in their possession written documentation including name, address, license number (if applicable), telephone number, date of harvest and signature of the person who harvested the antlered buck or turkey, until it is processed and stored in a cooler or freezer at one's residence or delivered to a commercial processing plant.

Hunter Education

The Wildlife Heritage Act of 2007 passed by the Legislature has provided a mentor provision for hunter education. Now, hunting license buyers have the option to hunt under the "supervision required" status in lieu of passing the hunter education course. Hunters under supervision must be under normal voice control, not to exceed 30 feet away from a properly licensed hunter 21 years of age or older. Under no circumstance shall the supervising person be the holder of a "supervision required" license.

Successfully completing an approved hunter education course is mandatory for all non-supervised hunting license buyers born on or after August 1, 1977, except APOST certified law enforcement officers employed in the state, active duty U.S. Military personnel and Alabama residents who are active members of the U.S. National Guard. Alabama is one of 49 states which has a mandatory hunter education program. Course is a minimum of 10 hours of instruction in addition to an examination. Course content includes hunter responsibility, wildlife laws, wildlife management and identification, firearms safety, archery, muzzleloading, basic survival and first aid. Goals of the hunter education program include increasing awareness of the importance of hunter-landowner relations, hunter behavior, reducing accident rates and increased knowledge of basic wildlife management concepts and wildlife laws. This course is also available on CD-ROM and the internet at www.outdooralabama.com.

Social Security Number Requirement

Section 30-3-194(a) Code of Alabama 1975 provides: "[A]ny agency charged with the administration of any law concerning the issuance or renewal of a license, certificate, permit, or other authorization to drive a private or commercial motor vehicle or to engage in a profession, occupation, or recreational, sporting, or commercial activity shall require all applicants for issuance or renewal of the license, certificate, permit, or other authorization to provide the applicant's Social Security number to the agency, which agency shall record the Social Security number on the application and related records maintained by the agency."

This law was passed in response to 42 U.S.C.A. § 666(a)(13)(2003) which states that the social security number of "any applicant for a professional license, driver's license, occupational license, recreational license, or marriage license be recorded on the application."

This is a **mandatory** requirement due to both Federal and State law. A license **may not** be issued without the social security number being recorded as stated above.

For book agents ("paper license") only: The social security number does not have to be entered on the original license. However, the applicant's social security number is required to be legibly written on the second and third copies of the license.

Notes to Nonresidents

Applicants holding a nonresident driver license will be considered a nonresident for the purposes of purchasing a hunting or fishing license even if they are able to produce other evidence of residency (with the exception of active duty military).

An all game license is required to hunt deer or turkey.

Special fishing license fees apply to residents of Florida, Louisiana and Mississippi due to reciprocal license costs.

Game fish cannot be caught by any method other than ordinary hook and line, fly, troll, or spinner. The sale of game fish taken from public water is prohibited by law in Alabama.

Residency Requirements

It is a violation of state law to willfully or knowingly make a false statement when purchasing an Alabama resident license.

Alabama law requires license agents first ask to see the applicant's driver license.

Nonresident licensed drivers (including college students) making application will be considered nonresidents for the purpose of purchasing hunting and fishing license even if they are able to produce other evidence of residency (except military personnel)

Resident licensed drivers applying for hunting and fishing license must:

- Present a valid Alabama Driver's License (except active duty military, spouse, dependents).
- Reside continuously in Alabama for 90 days.

Resident NONDRIVERS (persons not holding a valid drivers license)

- Must present a State of Alabama issued ID Card
or
- Go to the Probate or License Commissioner and present at least two of the following documents:
 - Copy of school registration (required for school age children 5-16 years old).
 - Copy of previous year tax return (mailing address only).
 - Voter registration card.
 - Certificate of employment, if containing proof of permanent residency.
 - Copy of home property tax.
 - Health insurance forms with address (Medicare) etc.
 - The last three months of a utility bill with mailing address.
 - Other legal documents that may establish residency after approval by the Conservation Department.

Residency Requirements

(continued)

Minors without these documents Parent or guardian may produce proof of their residency and confirm that the minor has resided with them for at least 90 days.

License officials may require more than two of these items in order to prove bona fide residency.

In no instance will a resident of another state (except military personnel) be issued an Alabama resident license even if the person is able to produce these items.

Military personnel, including spouse and dependents living with them

- Receive resident license privileges with copy of orders assigning them to Alabama and a military ID card.
- Are not required to present Alabama Driver's License.
- Must present a valid U.S. driver's license; otherwise, the license must be purchased at a Probate or License Commissioner's office.
- If assigned to another state (GA, FL, etc.) but living in Alabama, may apply for resident privileges after 90 days and using the same evidence of residency as a nondriver.

Resident FUR CATCHER, SEAFOOD AND COMMERCIAL FISHING.

- Reside continuously in Alabama for the following period:
Fur Catchers – 6 months Seafood – 12 months Commercial Fishing – 12 months
